

## The 'Long Nuptials' Wedding Ceremony

Firstly, thank you for reading this information and considering Celebrating Love to be the one to deliver you both your very special moment!

We are very passionate about what we do within the Wedding Industry, what we are able to offer our Clients, and of course... we absolutely love, all things LOVE. We would be honoured to be chosen by you to create a carefully crafted, unique, personal (and legal!) Ceremony catered for who you both are, your relationship, and delivered by us to you and your guests, in the tone that suits you both perfectly!

We work closely with you to create a ceremony that reflects not only your love story, but your personalities. We want you to look forward to this moment (or as much as you can!) and help settle any nerves by providing support, advice, providing you with options, and catering the wording and delivery of the Ceremony to be unique to you... plus we can have a laugh along the way as we move through the planning process!

### **'The Long Nuptials'**

The Long Nuptials service would suit the couple that are looking for a Ceremony that is inclusive of personal or special elements, more detailed and wouldn't be described as 'short and sweet'. You are wanting it to be a ceremony where your guests get to really hear your love story, and feel the happiness and emotion from your loved ones who may even be a part of your day. Whether your ceremony style preference is traditional and formal... or... sparkling, modern and more light hearted... you are wanting your Ceremony to also be a statement moment of your wedding... and why not!

You may be planning a longer Ceremony due to having a big Wedding with many relatives attending... or wanting to include cultural or religious elements personal to you into your day...or... you may just simply be thinking... This is my day, and I want it to go on for as long as possible! There are many reasons for wanting to make the absolute most of any part of your Wedding day and that includes your Ceremony. If you can relate with the above then this sounds like it would be the best option for the two of you.

Below is an outline of what you will receive from Celebrating Love performing 'The Long Nuptials' service.

- An initial 'get to know you, and you get to know me' meeting and ceremony discussion.
- A ceremony that will be approximately between 30 and 45 minutes (longer if needed).

- Guidance in completion of NOIM legal document and advice regarding required ceremony legalities.
- My confirmation that your ceremony will be solemnised in accordance with Australian Law, and complete adherence to the Marriage Act and Code of Conduct.
- You will receive a personal and uniquely drafted ceremony script inclusive of a beautiful keepsake copy.
- A carefully written brief, but well detailed, introduction to your wedding tailor created to your beautiful story.
- Unlimited communication and drafts for review prior to agreed finalised script.
- Support, advice and guidance around poems and readings.
- A discussion around the inclusion of rituals you may like to be a part of your Ceremony. There are many amazing rituals (fun and traditional) that are symbolic of two people being joined in marriage and can be showcased in a way that suits you both during your Ceremony.
- We will work together to ensure that any personal inclusions that you want to be in your Ceremony are perfect. i.e. you may want a parent to read something, you may want a certain song to be played and sung, you may have a cultural ritual you would like incorporated, you may be wanting your children to showcase in a part of the Ceremony. Whatever it may be... I am here to help bring the idea together.
- My assurance that you will receive excellent guidance, attention to detail, and discretion, as well as working with my good natured, light hearted and happy approach at all times.
- I can provide you with guidance on where to seek pre and post marital Marriage Education Services if this is something you would like to explore.
- My full coordination with your venue, musicians, and other vendors as required on the day.
- Coordination with your photographer and videographer to ensure that your perfect moments are captured.
- Assistance with your Vows, inclusive of support and help writing them, and printing them ready to bring me for your Wedding Day (one less thing for you to think about!).
- PA system with speakers and two microphones can be provided.
- Signing table and two chairs can be provided. (In white or rustic).
- A Ceremony rehearsal (If your wedding is in a regional or national location this will be discussed as appropriate).
- My guarantee that the legal documents are completed in line with Australian Legal Requirements and lodgement of marriage documentation with Births, Deaths and Marriages.
- You have my word that your ceremony will be professionally performed with a big, warm, and happy smile.
